No. P-9/B of 1939.

OFFICE OF THE SURGEON-GENERAL
WITH THE GOVERNMENT OF BOMBAY :

Bombay, 7th June 1939.

FROM

MAJOR-GENERAL H. C. BUCKLEY, M.D., F.R.C.S.E., K.H.P., I.M.S., Surgeon-General with the Government of Bombay, Bombay No. 1 ;

To

THE SECRETARY TO GOVERNMENT,
General Department, Bombay.

Subject.—Report on the Civil Hospitals and Dispensaries for the triennium 1936–1938.

Sir,

I have the honour to submit for the information of Government the report on Civil Hospitals and Dispensaries for the triennium 1936–1938.

2. No comparison between the provincial totals for the triennium 1932–34 and the triennium under report of the various statements appended to this report could be made in the several paragraphs of the text of the report, as the provincial totals for the previous triennium are inclusive of the statistical figures of the medical institutions in Sind while those for the triennium 1936–38 are exclusive of those figures and such comparison, if made, would be misleading.

BUILDINGS.

3. *Major works.*—During the year 1938, the following major works were undertaken :—

(*a*) Extension and improvements to the Bai Motlibai Hospital, Bombay, at an estimated cost of Rs. 1,45,981. An amount of Rs. 73,000 equal to half of the estimated cost of this work is contributed by the Governor's Hospital Fund.

(*b*) Conversion of the Dwarkadas Lallubhai Dispensary building into a female out-patient department for the Bai Motlibai Hospital at an estimated cost of Rs. 10,024.

Minor works.—Several minor works representing additions and alterations to the buildings of Civil Hospitals and Government dispensaries were carried out during the year 1938 at a cost of about Rs. 47,889. Some of the important works are mentioned below :—

	Cost.
	Rs.
(1) Storage reservoirs for the Ellappa Balaram Pavilion and Ward Pavilion No. I and Sir C. J. Ophthalmic Hospital, Bombay ..	13,931
(2) Constructing a garrage for the motor ambulance at the Civil Hospital, Broach	1,000
(3) Construction of a female ward at the Leper Hospital, Hindalgi (Belgaum)	6,181
(4) Construction of a new operation theatre at the Civil Hospital, Dhulia	6,384
(5) Construction of quarters for 2 sweepers at the Civil Hospital, Satara	1,813
(6) Additions and alterations to the Maternity ward at the Civil Hospital, Belgaum for providing additional accommodation for 10 beds ..	5,042

The buildings of the various Government hospitals and dispensaries have been kept in good condition, the requisite repairs having been carried out by the Public Works Department. During the triennium 1936–38, major and minor works costing about Rs. 2,27,868 and 1,49,789 respectively were carried out at the various Government Hospitals and Dispensaries.

Bombay City Hospitals.

4. The 26 beds at the Ellappa Balaram Pavilion (J. J. Hospital) and 35 beds at the B. J. Hospital for Children which were maintained by the funds available from the Hospital Maintenance Fund Committee have been taken over by Government since 1938. During the triennium under report, 10 beds were opened for Jewish patients at the Sir Sassoon David Hospital (J. J. Hospital) making the total number of beds available at the J. J. Hospital 365.

At present the 15 beds at the Cama and Albless Hospitals and 16 beds in the North Wing Ward at the G. T. Hospital are being maintained by the moneys received from the Hospital Maintenance Fund. Besides the expenditure on account of 2 ward servants, 2 sweepers and 2 nurses for the 10 Jewish beds mentioned above and the Assistant Theatre Sister at the B. J. Hospital for Children, is met from this Fund.

J. J. GROUP OF HOSPITALS.

5. The outstanding event so far as the medical administration of these hospitals is concerned is the introduction of the unit system. For the reorganisation of the staff of the Grant Medical College and the Hospitals which furnish clinical material for the teaching of the students of the College, Government has sanctioned the constitution of the following Clinical Units :—

J. J. Hospital.—Six Surgical and six Medical Units. Each Surgical Unit consists of the following staff :—

(1) A Surgeon (either the Professor of Surgery, the Professor of Operative Surgery, the Associate Professor of Surgery or an Honorary Surgeon).

(2) An Honorary Assistant Surgeon, who will be ex-officio Tutor in Surgery.

(3) Two House Surgeons.

Each Medical Unit consists of the following staff :—

(1) A Physician (either the Pofessor of Medicine, the Associate Professor of Medicine or an Honorary Physician).

(2) An Honorary Assistant Physician, who will be ex-officio Tutor in Medicine.

(3) Two House Physicians.

Bai Motlibai and Sir D. M. Petit Hospitals.—Two Clinical Units.

The first Unit consists of the following staff :—

(1) Professor of Midwifery and Gynæcology, Grant Medical College and Senior Specialist in Obstetrics with Gynæcology, Bai Motlibai and Sir D. M. Petit Hospitals.

(2) Resident Medical Officer who will be an ex-officio Tutor.

(3) Two House Surgeons.

The second Unit consists of the following staff :—

(1) Professor of Midwifery and Honorary Obstetric Physician.

(2) Honorary Assistant Obstetric Physician who should be *ex-officio* Tutor in Midwifery.

(3) Two House Surgeons.

Sir C. J. Ophthalmic Hospital.—Two Clinical Units.

The first Unit consists of :—

(1) Professor of Ophthalmology, Grant Medical College, and Honorary Ophthalmic Surgeon, Sir C. J. Ophthalmic Hospital, Bombay.

(2) The Resident Medical Officer who will be *ex-officio* Tutor.

(3) Two House Surgeons.

The second Unit consists of :—

(1) The Teacher of Clinical Ophthalmology, Grant Medical College and Honorary Ophthalmic Surgeon, Sir C. J. Ophthalmic Hospital, Bombay.

(2) The Honorary Assistant Ophthalmic Surgeon who is to be *ex-officio* Tutor.

(3) Two House Surgeons.

6. Another important development has been the institution of an evening out-patients' session at the J. J. Hospital. The usefulness of such a facility in a city like Bombay cannot be overestimated.

7. A post of Principal, Grant Medical College and Superintendent, J. J. Group of Hospitals, Bombay, was created during the triennium under report. This appointment replaces those of the Lay Secretary for Hospitals Administration, J. J. Group of Hospitals and of the Superintendents of Hospitals called the J. J. Group of Hospitals. It is most important from the academic point of view that the offices of the Principal of the College and of the Superintendents of Hospitals attached to it, should be correlated. The new appointment achieves this object.

8. With the help of the services of an Honorary Psychiatrist, a Psychiatric Department was opened at the J. J. Hospital, during this triennium.

9. *G. T. Hospital, Bombay.*—Auxiliary out-patients' departments for Ear, Nose, Throat and Eye cases have been opened at this hospital and the appointments of Honorary Ophthalmic Surgeon, Honorary Dental Surgeon, Honorary Venereologist, Honorary Aural Surgeon, Assistant Honorary Physician and Assistant Honorary Surgeon have been sanctioned during the period under report.

10. *Cama and Albless Hospitals, Bombay.*—Government after obtaining the sanction of the High Court of Bombay, have accorded administrative approval to the sale of the Jaffer Suleman Dispensary and to the construction of a new three storeyed building (to be named the "Jaffer Suleman Dispensary") in the compound of the Cama and Albless Hospitals, to accommodate the out-patients' department, laboratory, quarters for nurses and a hostel for medical students at a cost of Rs. 1,67,000. The cost of the new building is proposed to be defrayed from the anticipated sale proceeds of about Rs. 88,000 of the Jaffer Suleman Dispensary and Rs. 79,000 from the collections of the Cama and Albless Hospitals Jubilee Fund. The proposed new building will meet a long felt need of the institution.

The "Doctor Cecilia D'Monte Block" which was constructed in April 1938 has afforded comfortable quarters to five House Surgeons and has in addition provided a modern labour ward which can be kept aseptic, as it is well isolated.

This Hospital also has instituted an evening out-patients' session.

The golden jubilee of the hospital was celebrated in the year 1936.

At this hospital the lady members from the Bombay Presidency Women's Council have been permitted to work as Honorary Lady Almoners as an experimental measure. These ladies help the staff of the hospital at the Out-patients' Department. They get into touch with patients so as to understand their economic difficulties, put deserving cases in touch with institutions providing special aids and facilities—e.g., dental clinics and investigate the paying capacity of the patients. The scheme is still in an experimental stage and after gaining experience it is proposed to adopt it as a permanent measure and extend it to other hospitals in Bombay, if necessary. An opportunity has thus been provided for better class women to do social work for the good of the poor.

A thresh disinfector for disinfecting clothes and beddings of patients is sanctioned for the combined use of the G. T. and the Cama and Albless Hospitals, Bombay.

General.

11. A body known as the Committee of Hospital Superintendents in Bombay with Surgeon-General with the Government of Bombay as the Chairman was formed in 1937. The aims and objects of this Committee are as follows :—

(*a*) to meet periodically and discuss matters of common interest to all hospitals,

(*b*) to correlate the practice that pertains in the hospitals and to consult on various suggestions that might be put up from time to time.

Blood Transfusion Service, Bombay.

12. A movement was initiated in 1938 in Bombay by Toc H to organise a Blood Donors Association.

As it was necessary to arrange with a Laboratory to group the blood of each donor and also to make sure that they are not carriers of other diseases, a case was made out to Government to permit these examinations to be carried out free at the Haffkine Institute, Bombay.

Government have approved of the proposal after the close of the triennium.

Mofussil Hospitals.

13. *Advisory Committees.*—During the triennium under report, advisory committees were established at the following Civil Hospitals :—

(1) Civil Hospital, Dhulia.

(2) Vithal Sayana Civil Hospital, Thana.

(3) Civil Hospital, Karwar.

The members of the Advisory Committee at the Government Hospitals in Bombay City and in mofussil, continued to do their useful work during the triennium and thanks are due to them for the interest they took in the patients by attending the meetings.

14. *X-Ray.*—During the period under report X-Ray apparatus was installed at the following Civil Hospitals partly with generous monetary help from local bodies and private individuals :—

(1) Civil Hospital, Dhulia (West Khandesh).
(2) Civil Hospital, Belgaum.
(3) Civil Hospital, Ahmednagar.
(4) Civil Hospital, Jalgaon (East Khandesh).
(5) Civil Hospital, Surat.
(6) Civil Hospital, Bijapur.
(7) Civil Hospital, Dharwar.
(8) Civil Hospital, Sholapur.

The installation of X-Ray apparatus has removed a long felt urgent want of the above hospitals and is considered a progressive step in the provision of facilities of medical relief in mofussil.

15. The purchase of an X-Ray apparatus for the Civil Hospital, Godhra, has also been sanctioned by Government at an estimated cost of Rs. 7,000. Of this amount Rs. 2,282 are contributed by Godhra Municipality and other donors and Rs. 2,500 by the Smart Victory Hospital Fund, Godhra. Although Government sanctioned the proposal in 1938 the apparatus could not be purchased and installed for want of suitable accommodation. It is hoped to install the machine shortly.

X-Ray Examination of Private Patients at Government Hospitals.

16. Government have approved a set of rules for the performance of X-Ray examination at Government Hospitals, of private patients sent by registered medical practitioners, in places where there are no private practitioners practising exclusively in X-Ray work and Electro-therapeutics.

17. *Anti-rabic Treatment.*—During the triennium under report, the anti-rabic treatment was further decentralised with a view to provide more facilities to patients undergoing such treatment by opening centres at the following Civil Hospitals :—

(1) Civil Hospital, Satara.
(2) Civil Hospital, Bijapur.
(3) Civil Hospital, Dhulia.
(4) Civil Hospital, Alibag.

(5) Civil Hospital, Kaira.
(6) Civil Hospital, Broach.
(7) Civil Hospital, Dharwar.
(8) Civil Hospital, Godhra.
(9) Vithal Sayana Civil Hospital, Thana.

It means that the treatment has been made available for rural population at places much nearer to them than before.

General.

18. Thresh Disinfectors for the disinfection of clothes and beddings of the patients were provided to the Sassoon Hospitals, Poona and Civil Hospital, Nasik.

19. In view of the congestion in the existing buildings, the question of shifting the Civil Hospital, Ahmedabad and B. J. Medical School, Ahmedabad, to a new site has been under consideration of Government. A site has now been selected and the same has been notified for acquisition. Plans for the new buildings are yet to be sanctioned by Government.

20. During the triennium under report a new building was constructed for the Civil Hospital, Thana, at a cost of about Rs. 2 lacs by the generosity of Diwan Bahadur Narayan Vithal Sayana. The Hospital is named as the " Vithal Sayana Hospital " in memory of the late father of the donor.

Hospital Fees.

21. In the year 1937 Government sanctioned revised rules for the levy of fees for treatment rendered in Government and State Aided Hospitals and Dispensaries. In the revised rules a " well-to-do person " means a person who is in receipt of a total annual income of Rs. 2,000 or more or who pays annually Rs. 400 or more as land revenue or who is a member of the family of such a person and is actually dependent on him. Similarly persons whose monthly income does not exceed Rs. 40 in Bombay City and Rs. 30 in mofussil are considered as indigent and treated free of charge. The levy of 1 anna fee to out-patients who are neither indigent nor well-to-do still continues.

Hospital Fund.

22. The position of the Hospital Fund remained more or less the same during the triennium under report. The scope of the Fund has now been widened to include other items which can be included under the term " Medical Relief ". Formerly the use of the Fund was restricted to expenditure on diets, medicines and instruments by way of supplementing Government grants.

Hospital Nursing.

23. The position as regards hospital nursing and training is the same as in the previous triennium. The new Bombay Nurses, Midwives and Health Visitors' Act is in operation and in addition to the courses

for training of Nurses and midwives, a course for the training of Health Visitors has been drawn up.

24. In view of the fact that a sufficient number of qualified nurse-midwives are not available to meet the public demand, the question of drawing up a lower course for Assistant-Midwives is under consideration.

Non-Official Bodies.

25. The non-official Societies and Associations such as :—

(1) The Bombay Mofussil Maternity, Child Welfare and Health Council.
(2) The Bombay Presidency Infant Welfare Society.
(3) The Bombay Presidency Baby and Health Week Association.
(4) The Bombay Social Hygiene Council.
(5) The Blind Relief Association.
(6) The Indian Red Cross Society.
(7) The British Empire Leprosy Relief Association, etc.,

are doing good and useful work in the field of Medical Relief.

Medical Relief in General.

26. The Government hospital organisation in urban areas has functioned satisfactorily during the period under review and a high standard of medical treatment has been maintained.

27. *Rural Medical Relief.*—The most important event of this triennium is the extension of medical relief to rural areas on an extensive scale. This subject was under the consideration of Government for some time past and after examining several alternative schemes they decided to introduce the following schemes :—

(*i*) Subsidising private medical practitioners in selected places in rural areas for a period of 7 years.
(*ii*) Increasing the number of qualified nurse-midwives attached to Local Board Dispensaries.
(*iii*) Opening of tuberculosis clinics in important towns.

Under (*i*) Government had sanctioned in the beginning the opening of 6 dispensaries in charge of subsidised medical practitioners, one in each of the following districts :—

Ahmednagar,	Ratnagiri,
West Khandesh,	Belgaum, and
Nasik,	Kanara.

Having been convinced of the popularity and utility of the scheme, they have extended it by sanctioning the opening of 200 additional centres in charge of subsidised private medical practitioners in Allopathic, Ayurvedic and Unani Systems of Medicine.

28. Under this scheme the allopathic practitioner will get Rs. 50 per mensem as subsidy, Rs. 25 per mensem as travelling allowance for visiting the places allocated to him and medicines worth Rs. 350 per

annum for treating the indigent patients free of charge. The Ayurvedic and Unani Practitioners will get Rs. 30 per mensem as subsidy, Rs. 15 per mensem as travelling allowance and medicines worth Rs. 150 per annum.

The liability of the District Local Board under this scheme is limited to one-fifth of the total expenditure, the remaining four-fifth being borne by Government.

29. The allocation of the 200 centres referred to above is shown in the subjoined table :—

Name of District.	Total number allotted.	Allopathic.	Ayurvedic.	Unani.
1. Thana	11	7	4	..
2. Kolaba	11	5	6	..
3. Kanara	14	9	5	..
4. Ratnagiri	12	2	10	..
5. Poona	11	..	11	..
6. Ahmednagar	11	3	8	..
7. West Khandesh	13	..	13	..
8. Sholapur	10	2	8	..
9. Belgaum	11	6	5	..
10. Bijapur	11	7	4	..
11. Surat	8	..	6	2
12. Kaira	8	6	2	..
13. Ahmedabad	11	6	5	..
14. Broach	8	2	3	3
15. Panch Mahals	13	9	4	..
16. East Khandesh	11	7	4	..
17. Satara	11	5	6	..
18. Nasik	11	5	6	..
19. Dharwar	4*	..	..	..
Total ..	200	81	110	5

*The question of opening subsidised dispensaries in Dharwar District has been postponed pending the receipt of the report of the Kale Committee.

The appointments of Subsidised Medical Practitioners to selected centres are in progress. Further extension of this scheme for the opening of 250 additional centres, has been sanctioned by Government after the close of this triennium.

30. Under the revised scheme of increasing the number of nurse-midwives attached to District Local Board Dispensaries, the total number of appointments in the Province will be 76 (4 for each district excluding the Bombay Suburban District). The pay of the nurse-midwife is fixed at Rs. 40 per mensem plus actual house rent allowance subject to the maximum of Rs. 10 per mensem; if not provided with free quarters. 4/5th of the expenditure under this scheme is to be borne by Government and the remaining 1/5th by the District Local Board concerned.

31. The following table shows the actual number of appointments so far made in the various districts :—

	Name of District.	Nurse-Midwives.
1.	Thana	3
2.	Kanara	1
3.	Ratnagiri	2
4.	Poona	3
5.	Ahmednagar	2
6.	Bijapur	1
7.	Surat	1
8.	Kaira	4
9.	Ahmedabad	3
10.	Broach	1
11.	Panch Mahals	3
12.	Kolaba	2
13.	Belgaum	1
	Total	27

32. From the above table it may be seen that out of 76 nurse-midwives proposed to be appointed only 27 appointments could so far be made. Of these 27, only 3 are fully qualified nurse-midwives and the remaining only midwives. The response for these appointments is thus poor, partly due to the paucity of qualified nurse-midwives and partly that they do not like to go to rural areas for service.

33. Under the scheme of establishing anti-tuberculosis clinics in large cities, Government sanctioned in 1937, the opening of such clinics at the Civil Hospitals of Ahmedabad, Surat, Poona, Sholapur, Nasik and Belgaum and these are functioning since the 1st April 1937. The King George Thanksgiving (Anti-Tuberculosis) Fund, and the Provincial Branch, Indian Red Cross Society contributed together a sum of Rs. 4,140 towards half of the pay and allowances of the nurses attached to these clinics but Government bear the major portion of the expenditure.

34. These clinics serve a long felt need and they act for the purpose of diagnosis and treatment of tuberculosis and as a clearing house to hospitals, where patients need indoor hospital treatment. The nurses attached to the clinics visit patients in their own houses for the purpose

of studying their environments and methods of living and for propaganda in the prevention of the disease.

As the utility of these clinics is well-nigh established, Government are considering the question of opening more clinics at Broach, Dhulia and Dharwar.

35. During the year 1936, an Anti-Tuberculosis Sub-Committee under the auspices of the Provincial Branch of the Indian Red Cross Society was formed with the Surgeon-General as Chairman. The six clinics referred to above were opened more or less as a result of the efforts of this Sub-Committee.

GENERAL.

36. As an outcome of the King Emperor Anti-Tuberculosis Fund Appeal, the Bombay Provincial Anti-Tuberculosis Association has now been formed. The objects of the Association are the prevention, study, control, relief and treatment of consumption and all other forms of tuberculosis.

Statement A.

37. The total number of institutions open at the beginning of the triennium was 534. During the triennium 17 new dispensaries were opened, the names of 22 hospitals and dispensaries were added to the report as their returns were received only from this triennium even though they were old ones and 5 were closed. After omitting the number of hospitals and dispensaries in Sind owing to its separation from this Province since 1936, and a few others for reasons stated in previous reports the number of institutions open on 31st December 1938 was 450.

Statement B.

Distribution of Medical Personnel :—

38. The following table shows the distribution of Medical Officers (including Honorary Medical Officers), Nurses, Midwives, Dais and Compounders in the several classes of institutions during the year 1938 and provincial totals for two previous years in this triennium :—

Class of Hospitals.	Medical Officers.	Nurses.	Midwives.	Dais.	Compounders.
Class I State Public ..	345	370	24	2	72
Class II State Special ..	13	11	..	..	6
Class III Local and Municipal Fund.	421	244	127	35	357
Class IV Private-aided ..	37	25	9	3	22
Class V Private non-aided ..	170	143	60	28	88
Class VI Railways ..	79	27	1	1	55
Total for 1938 ..	1,065	820	221	69	600
Total for 1937 ..	938	736	164	90	566
Total for 1936 ..	864	678	106	59	542

From the provincial totals of the 3 years it may be seen that there is a gradual increase in the medical and other personnel except under dais.

Statement C.

39. The following table shows the number of in-door and out-door patients treated in the State Public, Municipal and Local Funds and Private-aided Hospitals and Dispensaries of the Bombay Province, their daily average number, death rate, number of beds available, etc., during the year 1938 and the previous two years in the triennium under report :—

——	1936.	1937.	1938.
Number of in-patients treated ..	105,997	111,925	123,717
Number of out-patients treated ..	2,789,112	3,106,092	3,480,574
Total number of patients treated ..	2,895,109	3,218,017	3,604,291
Number of beds available. { Male ..	3,653	3,753	3,801
{ Female ..	2,727	2,716	2,772
Daily average attendance of patients. { In-door ..	4,844·4	4,951·2	5,321·8
{ Out-door ..	26,856·0	29,215·8	34,898·8
Total number of patients treated at female hospitals	86,031	96,787	109,857
Number of Cures*	62,867	65,532	70,883
Number of Deaths*	8,075	8,627	9,641
Ratio of deaths percentage to the total treated*	7·6	7·7	7·8

*Among in-patients only.

From the comparative figures it may be seen that there is a marked increase in the number of attendance of both in-door and out-door patients. The slight increase in the death rate does not call for any remarks.

Statement D.

40. The total number of patients treated in all classes of hospitals and dispensaries during the year 1938 was 43,37,086 with 10,736 deaths

against 3,853,023 with 9,391 deaths in 1937 and 3,529,372 with 8,770 deaths in 1936. The subjoined table shows the principal diseases among the patients treated and the mortality among in-patients :—

—	1936.		1937.		1938.	
	Cases.	Deaths.	Cases.	Deaths.	Cases.	Deaths.
Cholera	1,029	49	2,008	74	993	22
Dysentery	48,033	232	62,467	282	79,541	339
Influenza	48,611	21	84,431	15	104,200	24
Injuries, Local and General	222,846	818	303,760	865	339,841	905
Labour cases, normal and abnormal	26,310	188	33,553	213	36,551	192
Leprosy	3,186	155	4,914	127	6,091	137
Malaria	489,796	96	588,751	110	681,570	129
Pneumonia	11,268	676	15,783	1,022	19,922	1,374
Plague	74	4	43	3	66	2
Small-pox	1,348	144	1,197	136	2,612	341
Tuberculosis of the lung ..	13,853	1,055	18,326	1,108	22,183	1,299
Other forms of tuberculosis	6,922	183	9,632	218	11,048	244
Enteric Fever ..	5,477	259	6,142	315	7,751	394

41. *Leprosy.*—From the above table it may be seen that more lepers are coming forth for treatment due to the confidence established by improved methods.

42. In the past no active measures for the prevention of this disease except segregation of lepers under the Lepers Act, were undertaken by Government. All preventive work in this connection such as maintenance of Leprosy Clinics, propaganda, etc., was done by the British Empire Leprosy Relief Association, Bombay Provincial Branch and Government co-operated with it.

43. It was felt that a great deal of propaganda was necessary and survey work to be undertaken with a view to combating the disease in this Province and, therefore, the appointment of a Special Leprosy Officer was proposed to Government to work under the control of the Provincial Leprosy Board.

The appointment was sanctioned by Government in 1938. An officer has now been actually selected who in addition to his duties will act as the Joint Secretary of the Provincial Council. It is hoped that the prevention of the spread of Leprosy and its treatment will now be conducted on the right lines.

44. *Tuberculosis.*—The steps that have been taken and are proposed to be taken for the treatment and arresting the spread of this disease in this Province are detailed elsewhere in this report under " Rural Medical Relief."

45. *Labour cases.*—From the comparative figures in the above table, it is clear that women are seeking hospital care during labour in increasing numbers. Non-official bodies such as the Bombay mofussil Maternity Child Welfare and Health Council and the Bombay Presidency Infant Welfare Society are doing useful work in this field of Medical Relief. Private Maternity Homes in large cities are also increasing in number and are getting very popular.

Epidemics during 1938.

46. The following diseases were in epidemic form in some parts of the districts shown against them :—

Small-pox	Thana. Ratnagiri. West Khandesh. Ahmedabad.
Cholera	West Khandesh. East Khandesh. Dharwar. Bijapur.
Plague	Dharwar. Bijapur.
Enteric fever	Bombay City.

The requisite steps were taken to check the epidemics.

Statement E.

47. The following table shows the number of surgical operations performed in Government, Local and Municipal Funds and Private aided Hospitals and Dispensaries during the triennium under report :—

——	1936.	1937.	1938.
Number of Surgical operations performed	129,123	138,439	156,982
Number of persons operated upon ..	126,406	136,005	151,193
Number of deaths	1,043	1,214	1,027
Deaths percentage to the number of persons operated on	0·8	0·9	0·7

Statement F.

48. The following table shows the receipts and expenditure on account of the maintenance of the state public, Local and Municipal Funds and Private-aided Civil Hospitals and Dispensaries, during the year 1938 and the previous two years of the triennium :—

Receipts.

——	1936.	1937.	1938.
	Rs.	Rs.	Rs.
Cash balance on 1st January of the year	6,32,062	7,95,698	7,75,229
Contributions from Government ..	23,72,066	23,91,627	24,07,747
Contributions from Local Bodies ..	18,55,365	19,43,730	21,81,537
Miscellaneous receipts including hospital fees, charitable contributions, etc.	7,14,012	6,87,305	7,57,508
Total ..	55,73,505	58,18,360	61,22,021

Expenditure.

——	1936.	1937.	1938.
	Rs.	Rs.	Rs.
Gross Expenditure	48,79,421	50,46,642	53,71,537
Deduct—amount credited to treasury in case of Government Hospitals and credited to dispensary Fund in case of dispensaries on account of :—

(*ii*) Sale of unserviceable articles, etc.	8,239	8,202	6,840
(*iii*) Amounts invested ..	76,223	47,404	1,67,946
Total ..	—3,82,099	—3,26,319	—4,65,767
Net Cost	44,97,322	47,20,323	49,05,770
	Rs. a. p.	Rs. a. p.	Rs. a. p.
Average cost per diet	0 5 0	0 5 5	0 4 9

Statement G.

49. On the 1st January 1938, the invested capital stood at Rs. 19,35,611. During the year Rs. 1,67,946 were invested and securities worth Rs. 1,79,627 were sold or withdrawn, leaving the total invested capital at the end of the year at Rs. 19,23,930.

GENERAL.

Indian Systems of Medicine :—

50. *Spread of Ayurved.*—In order to encourage the study and spread of the Ayurvedic System of Medicine, Government have sanctioned the opening of two Ayurvedic Schools, with hospitals attached to them for clinical instruction to students. One of them will be located in Belgaum and the other at a place to be selected in Gujarat.

51. An Act called "the Bombay Medical Practioners' Act, 1938" has been passed to provide for the registration of persons who practise Ayurvedic and Unani Systems of medicine and to protect the public from the activities of the uneducated and half-educated quacks of all systems.

52. Short notes on the working of the following institutions have been printed as an appendix to this report. In view of the transfer of the control of the Port Health Department to the Central Government since 1st January 1938, notes on that Department have not been included in this report :—

(1) Medical Schools.
(2) Grant Medical College, Bombay.
(3) Haffkine Institute, Bombay.
(4) Chemical Analyser's Department.
(5) Mental Hospitals.

I have the honour to be,
Sir,
Your most obedient servant,

(Signed) H. C. BUCKLEY,
Major-General, I.M.S.,
Surgeon General with the Government of Bombay.

APPENDIX.

Medical Schools.

The B. J. Medical Schools at Poona and Ahmedabad opened the year 1938-39 with 303 and 257 students respectively as shown in the following table :—

Year.	B. J. Medical School, Poona.			B. J. Medical School, Ahmedabad.		
	Male.	Female.	Total.	Male.	Female.	Total.
II ..	107	24	131	112	12	124
III ..	39	17	56	60	4	64
IV ..	97	19	116	67	2	69
Total ..	243	60	303*	239	18	257†

* Of these 24 male and 32 female students were free.

† Of these 15 male and 1 female students were free.

2. During the year under report there were 54 (46 males and 8 females) admissions to the Medical School, Poona, and those to Medical School, Ahmedabad, numbered 24 (all males), and at the end of the year (31st March 1939), there remained 275 students at Poona and 248 at Ahmedabad in the several classes as shown below :—

Year.	B. J. Medical School, Poona.			B. J. Medical School, Ahmedabad.		
	Male.	Female.	Total.	Male.	Female.	Total.
II ..	84	16	100	82	6	88
III ..	52	10	62	46	6	52
IV ..	85	28	113	103	5	108
Total ..	221	54	275	231	17	248

Examination Results.

3. The following table shows the number of students that appeared and passed in the first, second and final L.C.P.S. examinations held by the College of Physicians and Surgeons, Bombay, during the year :—

Year.	B. J. Medical School, Poona.

Income and Expenditure.

4. The receipts and expenditure of the two Medical Schools for the year 1938-39 have been shown in the subjoined table :—

Receipts.

Items.	Poona.	Ahmedabad.
	Rs.	Rs.
School Fees	23,085	27,250
Hostel rent*	2,606	3,000
Miscellaneous	5	51
Total ..	25,696	30,301

* Credited to XXXIX-Civil Works.

Expenditure.

Items.	Poona.	Ahmedabad.
	Rs.	Rs.
Pay of Officers	26,292	24,298
Pay of Establishment	10,785	12,163
Allowances, Honoraria, etc.	13,083	7,516
Contingencies	10,009	8,474
Scholarships†	1,080	300
Repairs to buildings‡	1,885	698
Total ..	63,134§	53,449‖

† From the Provincial Revenue only.

‡ By the Public Works Department.

§ Of this total expenditure, 59·3 per cent. was met from the Provincial Funds and 40·7 per cent. from School fees and other sources.

‖ Of this total expenditure 43·3 per cent. was met from the Provincial Funds and 56·7 per cent. from School fees and other sources.

Government Scholarships and Free-studentships.

5. Six Scholarships of Rs. 15 per mensem each were granted to the lady students at the Medical School, Poona, and one scholarship of the same value was awarded to a lady student at the Medical School, Ahmedabad. In addition to these scholarships the usual free studentships were given to poor and deserving students.

General.

6. The raising of the educational standard for admission to the Medical Schools has not had any appreciable effect on the number of candidates seeking admission to the Schools.

7. During the year, the B. J. Medical School, Ahmedabad, celebrated its Diamond Jubilee under the presidentship of Dr. Jivraj N. Mehta, M.D. (Lond.), Dean, Seth Gordhandas Sundardas Medical College, Bombay. The function was a great success.

Grant Medical College, Bombay.

The Grant Medical College, Bombay, opened the year 1938-39 with 718 students as shown in the sub-joined table :—

Year.	Males.	Females.	Total.
I	101	18	119
II	56	9	65
III	117	12	129
IV	129	27	156
V	216	33	249
Total ..	619	99	718

Of these, 103 left the College on completion of their course during the year and 27 left for various other reasons. There were 120 (94 males and 26 females) new admissions during the year and at the end of the year (on 31st March 1939) there remained 708 students in the several classes as shown below :—

Year.	Males.	Females.	Total.
I	91	25	116
II	78	11	89
III	71	16	87
IV	116	11	127
V	246	43	289
Total ..	602	106	708

Examination Results.

2. The following table shows the number of students that appeared, passed and failed in the several examinations mentioned below :

Examinations.	Appeared.	Passed.	Failed.
1st M.B.B.S.—			
April 1938	66	31	35
December 1938	146	55	91

B. Hy. (Part II)	3	1	2
B.Sc.	4	3	1
Diploma in Ophthalmic Medicine and Surgery ..	2	2	....
Final L.C.P.S.—			
May 1938	14	4	10
November 1938	4	2	2

Note.—At the April 1938 3rd M.B.B.S. Examination 64 candidates passed the whole examination.

At the December 1938 3rd M.B.B.S. Examination 39 candidates passed the whole examination.

One candidate passed the whole of the B.Hy. Examination in June 1938.

GOVERNMENT FREE-STUDENTSHIPS AND SCHOLARSHIPS.

3. There are no free-studentships available at this College. Four Government scholarships of Rs. 40 per mensem each were awarded to women students during the year.

Income and Expenditure.

4. The receipts and expenditure of the College for 1938-39 are shown in the subjoined table :—

Receipts.		Expenditure.	
Items.	Rs.	Items.	Rs.
College Fees ..	1,89,323	Pay of Officers ..	1,01,768
Income from Endowments.	497	Pay of Establishment.	62,660
Miscellaneous ..	535	Allowances, Honoraria, etc.	54,210
Hostel rent* ..	19,112	Contingencies ..	67,993
		Grants-in-aid, Contributions and donations.	4,999
		Scholarships ..	3,192
Total ..	2,09,467	Total ..	2,94,822†

* Credited to XXXIX-Civil Works.

† Of this total expenditure 29 per cent. was met from Provincial Funds and the rest from College fees and other sources.

5. The Trustees of the late Mr. R. M. Bhatt donated a new building for a Hostel named as " Ramchandra M. Bhatt Hostel " for about 200 students of the Grant Medical College, Bombay. It was constructed at a cost of about Rs. 2,62,000. Of this Rs. 2,48,634 were expended by the Trustees and Rs. 13,366 were handed over to them (Trustees) for that purpose, representing Hostel Fund collected from the past students of the College and the members of the medical profession in response to the appeal issued in 1936, as per condition of the donation. The opening ceremony of the new Hostel building was performed by His Excellency the Governor of Bombay on 2nd December 1938.

6. The Scheme for the establishment of the Sir Currimbhoy Ebrahim Dental School and Hospital, Bombay, which was under the consideration of Government, has been sanctioned by them after the close of the triennium.

Haffkine Institute, Bombay.

During the year 1938, the Haffkine Institute, Bombay, continued to function as :—

(*a*) a centre for manufacture of plague vaccine for the whole of India and other vaccines for the Bombay Province,

(*b*) the Provincial bacteriological laboratory for the Bombay Province,

(*c*) centre for the manufacture of anti-rabic vaccine for the Bombay Province and the adjoining areas and treatment centre for Bombay city,

and in addition, carried out research work on plague and other subjects, largely with the assistance of the Indian Research Fund Association.

2. *Sera and Vaccines.*—The following quantity of sera and vaccines were issued by the Institute during the year 1938 :—

Vaccines.	Doses.
Plague vaccine	1,137,086
Cholera vaccine	608,506
Meningococcal vaccine	565
T. A. B. Vaccine	38,269

Sera.	Ampoules.
1. Anti-tetanic serum (prophylactic) 150° International Units, per ampoule of 1½ c.c. ..	7,487
2. Anti-tetanic serum (Curative) 20,000 International Units, 10 c.c.	1,641
3. Anti-diphtheria serum (prophylactic) 1,000 International Units, 1 c.c.	111
4. Anti-diphtheria serum (Curative) 10,000 International Units, 10 c.c.	233
5. Anti-dysenteric serum 8,000 International Units, 20 c.c.	924
6. Anti-streptococcus serum Polyvalent, 10 c.c.	457
7. Anti-meningococcus serum, 10 c.c. ..	211
8. Anti-gas Gangrene serum, 10 c.c. ..	954
9. Normal Horse serum, 5 c.c.	48
10. Normal Horse serum, 10 c.c.	365

3. *Anti-rabic Section.*—Four new treatment centres were started during the year thus bringing the total number of centres in the Province to 88. The increase in the number of treatment centres is proving a great boon to the Province. During the year 7,100 treatments were issued to these centres and 2,740 patients were fully treated at the Institute. This makes a total of 9,840 treatments during the year.

4. *Diagnostic Department.*—During the year over 7,500 specimens were examined by this department for the various Government hospitals and dispensaries. The number of Wassermann reactions carried out was, 3,298 and 1,237 Kahn tests were done. This department proved of a very great value during the recent out-break of typhoid fever in the City of Bombay. Laboratory aid in the diagnosis of cases was given free of charge to medical practitioners.

5. *Biochemical Unit.*—This department has continued to prove of great value to hospitals in their diagnostic work.

6. *Researches.*—Researches in plague and pharmacology were carried out with the help of generous grants from the Indian Research Fund Association. The anti-plague serum prepared at the Institute was given a further field trial at Battiah, Bihar, where a small out-break of plague took place. The results show that the Institute has obtained a serum of a high curative value. The pharmacological department continued its studies on synthetic anti-malarial drugs, plasmoquine and Atebrin.

7. *Finance.*—The following table shows the receipts and expenditure of the Institute for the year 1938 :—

Receipts.		Expenditure.	
	Rs.		Rs.
Sale proceeds of sera and vaccines, etc.	3,84,687	Pay of Officers ..	77,775
Miscellaneous ..	2,159	Pay of Establishment ..	80,434
		Allowances, Honoraria, etc.	6,474
		Contingencies ..	1,50,918
		Total ..	3,15,601
		Pasteur Institute.	
		Pay of Officers ..	10,800
		Allowances, Honoraria, etc.	2,107
		Total ..	12,907
Total ..	3,86,846	Total Expenditure ..	3,28,508

THE DEPARTMENT OF THE CHEMICAL ANALYSER TO GOVERNMENT.

A short summary of the work performed by the Chemical Analyser to Government, Bombay, during the year 1938 is given in the following table :—

—	Total number of cases investigated.	Number of articles examined.
Cases of Human poisoning	775	1,846
Cases of Animal poisoning	70	334
Stain cases	558	2,680
Miscellaneous Medico-legal cases	24	73
Samples from the Excise Department ..	....	7,689
Other Government work	....	80
Miscellaneous samples	....	634
Total Work ..	1,427	13,336

2. The following financial statement on the working of this Department gives income and expenditure for the year 1938 :—

Income.		Expenditure.	
Items.	Rs.	Items.	Rs.
Miscellaneous fees for Chemical Analysis.	5,118	Pay of Officers ..	18,895
		Pay of Establishment ..	14,965
		Allowances, Honoraria, etc.	1,395
		Contingencies ..	11,531
Total ..	5,118	Total ..	46,786

Since 13,336 articles were examined, the cost of analysis per article works up to Rs. 3-8-1.

3. Explosives are still examined in the laboratory as orders from the Government of India as to their examination in the Customs Laboratory have not yet been issued. Medico-legal work of the various Political Agencies bordering on the Bombay Province and Central India and therefore under the Government of India, is carried on in this laboratory.

4. Special boxes and bottles were supplied to various Civil Hospitals for despatching viscera for examination. A similar scheme for their supply to Dispensaries has been sanctioned.

Mental Hospitals.

The problem of overcrowding at all the Mental Hospitals in this Province referred to in the last triennial report, was partially solved during this triennium by providing additional accommodation of 579 beds at the following Mental Hospitals :—

Central Mental Hospital, Yeravda	451
Mental Hospital, Ahmedabad	100
Mental Hospital, Dharwar	28
	579

This brings the total accommodation at all the Mental Hospitals in this Province to figure 2,187 against a population of 2,389 patients in January 1939 which means that overcrowding still continues. To meet the excess population proposals for further increase in the accommodation are under the consideration of Government.

2. During the year 1938, there were 919 new admissions to Mental Hospitals. The total population was 3,179 and the daily average strength was 2,319·5. There were 351 cures and 195 deaths and the ratio of "cured" and "died" to the daily average strength was 15·1 and 8·4 respectively.

3. During the year 1938 the receipts from the paying patients amounted to Rs. 2,09,727. The value of stores received from the manufacturing departments less cost of raw materials was Rs. 24,542 and miscellaneous receipts amounted to Rs. 2,040. The total receipts under the three heads amounted to Rs. 2,36,309. Deducting the receipts from the actual expenditure the net cost to Government for maintaining the Mental Hospitals during 1938, was Rs. 4,91,543.

STATEMENT A.

Showing the number of Civil Hospitals and Dispensaries in the Bombay Province during the year 1938.

(Total population of the Province—2,63,83,964.*)

Total for the Province ..	145	281	23	5	2	1	..	1	166	284	

* Excluding Sind and Aden.

(*a*) Malsiras Dispensary closed.

(*b*) Vaduj and Kole Dispensaries in Satara District, Fattepur and Mhasawad Dispensaries in East Khandesh District and 13 Dispensaries in Sholapur District opened by District Local Board under Rural Medical Relief Scheme, newly added to the report.

(*c*) One new Dispensary "Tardeo Flats" opened by the Bombay Municipality. One new Anti-Venereal Clinic opened by the Ahmedabad Municipality. One new Dispensary "Mangalwar Peth" opened by the Sholapur Municipality. R. H. Maternity Home transferred to class III from class V (*Vide* Note 'e').

(*d*) N. M. Wadia Hospital, Sholapur newly added.

(*e*) R. H. Maternity Home, Sholapur, transferred to class III (urban).

(*f*) Difference is due to 3 M. S. M. Railway Dispensaries not having been shown last year.

(*g*) Shahabad Dispensary Statements not received.

(*h*) Barhe Dispensary in Nasik District temporarily closed since June 1938.

(*i*) Six subsidised dispensaries viz. (1) Halga in Karwar district, (2) Raipatan Ratnagiri district, (3) Bodhegaon in Ahmednagar district, (4) Barhe in Nasik district, (5) Thalner in West Khandesh district and (6) Kittur in Belgaum district, opened under the "Rural Medical Relief Scheme."

CLASSES I AND II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as "State" when provincial and imperial funds are practically responsible for all the charges connected with it. Class I—"Public" are State Dispensaries which are open to the poorer classes of the public. Class II are State Dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local fund dispensaries include all institutions which are vested in local boards or municipalities or guaranteed or maintained by local or municipal funds. The fact that such an institution is aided by private subscriptions or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries whether maintained by State railways or others.

CLASS VII.—Comprises all subsidised dispensaries opened under the "Rural Medical Relief Scheme".

*The difference of Rs. 900 between the closing balance for 1937 and the opening balance for 1938 is due to the fact that an amount of Rs. 43,200 has been shown as opening balance for 1938 instead of Rs. 43,000 by the Medical Officer in charge Indian Women's Aid Society Dispensary, Hubli, and Rs. Nil instead of Rs. 1,100 by the Medical Officer in charge Kaighatgi Dispensary.
